Description

It is important to acknowledge that our health can change without warning. You never know when someone will have to speak for you. In Ontario, there are specific laws about when and who can make health care decisions on your behalf, should you become mentally incapable of doing so.

We encourage you to participate in the appropriate Advance Care Planning conversations. It can be difficult to have these conversations with your family or friends, but they prove to be helpful in the time need. Please note that these sessions will be a 2-part series that repeats 5 times over the course of 10 weeks.

January 27th 2020 Session 1 – Education	February 3rd 2020 Session 2 – Conversation
February 10th 2020 Session 1 – Education	February 17th 2020 Session 2 – Conversation
February 24th 2020 Session 1 – Education	March 3rd 2020 Session 2 – Conversation
